THE BEST AND CHEAPEST STOVES IN the world, or the Wrought Iron Cooking Stoves—made of the best Tennessee Iron, by SNOW, MACKENZIE & CO, Nashville, is in conspicuous letters on the Apron of lowing good and sufficient reasons why it should be in every family in the South:

1st. It is of Southern manifecture, being made by the

anbscribers in the city of Nashville.

2d. It is of such durable materials that it must out-last three or four east iron cooking stoves. 3d. It is more complete in its cooking apparatus than any cast iron cooking stove. 4th. It is so simple in its construction that a child can oth. Its economy of the is such, that it does not use half as much fuel as a cast from stove of the same size.

Oth. In the economy of time it is important, as it can be heated ready for cooking in a few minutes.

The Teunessean has now been before the public for five years, and if not as new as some it has another advantage quite as great, viz: a well-carned reputation and a rising credit. DR. ROGERS' LIVERWORTH AND TAR Cougha, Colds, Influency, Asthma, Bronchites, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

THE GREAT COUGH REMEDY!

THE GREAT COUGH REMEDY!

READER! have you a Cough, which you are neglecting, under the idea that it is only a common cold, that it will soon "wear itself out?" Let a friend tell you, in all kindness, what will soon be the probable result.

In a short time, if you continue to neglect yourself, you will begin to feel a sense of tightness and oppression across the cheat, accompanied with frequent sharp durting pains. Then a dry, hacking Cough will set in, and when you raise anything it will be a thick and yellowish, or white frothy matter, streaked, perhaps, with blood. If you still take no medicine, these unpleasant symptoms will increase, and you will soon have Hectic Fever, Cold Chills, Night Sweats, Copous Expectoration, and then Great Prostration. If you still neglect yourself, a few weeks or months will see you consigned to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and hurried you away.—Friend! have you no cause to be alarmed? In the above sketch you may see as in a glass, how every case of Consumption progresses, with more or less rapidity, to a fatal-termination. Of all the Thousands and Millions whom this great Destroyer has gathered to the forms, every single case began with a Cold! If this had been altended to, all naight have been well but, being neglected, under the fatal delusion that it would "awar itself," it transferred its deadly action to the substance of the Lungs, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate eaving, by their ulceration, great cavities in the Lungs. At his errisis, the disease is very difficult of cure, and oftentimes at rest the disease, or check its progress, and will always.

sets at defiance all human means.

In the latter or worst stage, this medicine will offentimes arrest the disease, or check its progress, and will always make the patient more comforts de, and prolong his life, and is therefore worthy of a trial;—but in its incipient or forming periods, Consumption is as curable as any other disease, and "Dr. Rogers' Syrup of Liverworth, Tar, and Canchalagua," if taken at this time, will cure it \$20 AS SURELY AS IT IS TAKEN! \$21 This is strong language, but we can refer you to numberless living witnesses to prove that it is TRUE. And therefore, we carnestly exhaut every man, woman and child, who has a Cough, or is subject to Colds, to keep medchild, who has a Cough, or is subject to Colds, to keep med-icine by you in the house; and whenever you take Cold, do not "let it alone" to work mischief in your system, but eradi-cate it thoroughly, at once, by this power, fully healing com-pound and leave your Lungs uninjured, to carry you in full vieur to a good old age! vigor to a good old age! MOTHERS!

Have you delicata, weakly children, who are always taking cold, and subject to Croup? Remember? There never was case of Croup, which did not originate in a Cold! And when your child goes to hed wheezing and coughing, you know not that, before morning, Croup may not set in, and ere you can get a Physician, your dear child may be beyond the reach of help. We beseech you therefore, as you value the lives of your children, keep this medicine by you in the house, and when your little ones take cold and commence coughing, give it to them at once and rest not until the caugh induce, and when your rittle ones take contained commence coughing, give it to them at once, and rest not until the eaugh is entirely subdued. We conscientiously aver, after the most extended experience, that if this advice were followed no child need ever

DIE OF CROUP,

for the cold would be cured, before it could arrive at this ag-gravated and fatal stage. Let every Mother, especially, heed gravated and fatal stage. Let every Mother, especially, beed well these remarks, that she may not hereafter, when mourning over the early blight of some cherished blossom, have occasion bitterly to reproach herself for her criminal neglect. It is an old adage, that "to be forwarned, is to be forearmed." Parents! so let it be in your case.

Be sure to ask for Dr. A. Rogres' Syrup of LIVERWORT, TAR and CANCHALAGUA, and let no other be palmed on you.

Nushville, March 11, 1858. AFFLICTED READ! PHILADELPHIA MEDICAL HOUSE.—Established 18 years ago by DR. KINKELIN. The oldest, surest and best hand to cure all forms of secret diseases of the skin, and solitary habits of yeath, is DR. KINKELIN, N. W. corner of Third and Union streets, between Spruce and Pine, one and a half squares from the Exchange, Philadelphia.

Take Particular Notice.—There is a habit which boys teach each other at the academy or college—a habit indulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidous and permicious practice are aware of the consequences, until they find the nervous system is shattered, feel strange and unac-countable feelings, vague fears in the mind. The individual

becomes feeble, he is unable to labor with accustomed vigor, or to apply his mind to study, his step is tardy and weak, he is dull and irresolute, the countenance is downeast, the eyes without natural lustre, shamefacedness is apparent.—
These are symptoms which should awakes the attention of these similarly affilicled.

If the victim be conscious of the cause of his decay, and having relinquished the odious practice, he suffers under those terrible nocturnal emissions, which weaken and shame him, producing mental and physical prostration. If he ematerpate himself before the practice has done its worst, and enter marrimony, his marriage is unfruitful, and his senses tell him that this is caused by his early follies.

Too many think they will hug the secret to their own senses tell him that this is caused by his early follies.

Too many think they will hug the secret to their own hearts, and cute themselves. Alas! how often is this a fatal delusion, and how many a promising youth, who might have been an ornament to society, has faded from the earth!

Young Men!—Let no false modesty deler you from making your case known to one who, from education and respectability, can alone betriend you. He who places himself under DR. KINKELIN'S treatment, may religiously confide him.

under DR. KINKELINY Structurent, may religiously confide his honor as a centleman, and in whose bosom will be for ever tocked the secret of the patient.

JOSEPH LONGSHORE, M. D.

FROM A. WOODWARD, M. D., OF PENN. UNIVERSITY, PARLABELERIA.—It gives the pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of Disseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in stance insupers where the instance to be been feet health, in some instances where the patient has been considered beyond medical aid. In the treatment of Seminal Wenkness, or disarrat general of the functions; produced by self-abuse or excess of venery, I do not know his supe-rior in the profession. I have been acquainted with the Author same thirty years, and deem it no more than justice to him, as well as a kindness to the unfortunate victim of early indiscretion, to recommend him as one, in whose proearly indiscretion, to recommend him as one, in whose pro-fessional skill and integrity, they may safely confide toem-selves.

"This is, without exception, the most comprehensive and intelligitive work published on the class of diseases which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objections ble matter, and no parent, however fastinious, e to placing it in the hands of his sons.
